Subject: IMPORTANT WEB UPDATE to double-check before I post: August 9/10 Region 6 Preliminary Surface Water Data - and Excel spreadsheet #2

Hi everyone!

I want to make absolutely sure that I have this PERFECT before I post the changes. Here is my plan:

On this page (and PLEASE include Web addresses for Jeff and me whenever possible; all the pages are very, VERY similar on this website):

<http://www2.epa.gov/goldkingmine/gold-king-mine-data-august-13-2015>

I am deleting this language:

EPA is working to update data formatting for the sampling data for the Animas and San Juan Rivers from the Northern Border of New Mexico to Navajo Nation collected from Aug. 9 to Aug. 10, 2015. The data table will be re-posted shortly.

And replacing it with this language:

Validated sampling data for the Animas and San Juan Rivers from the Northern Border of New Mexico to Navajo Nation collected from Aug. 9 to Aug. 10, 2015.

Open or download the data file: **[and post the XLSX file that I have ATTACHED HERE]**

ALSO: I should KEEP the existing file on the page, i.e., this line:

Open or download the data file: [Region 6 Surface Water Summary Table sample dates](#)

Aug 7,8 (XLSX)(1 pg, 112 K)

Is this all 100% correct? If there is anything at all to change, let me know.

And is this fully approved and ready to go?

THANKS! ☺
